

## **Survey Crew (Rodman)**

**Stooppelwerth & Associates, Inc.** is a **growing** family owned land surveying and civil engineering company that has been in business in the Indianapolis area for over 50 years. We specialize in the design of subdivisions and multi-family residential developments. However, we also do small commercial projects as well. Our team works with clients to develop tracts of land into a completed development. This includes land planning, zoning assistance, color exhibits, preparation of construction plans, plats, construction staking, and as-builts. We work with clients and their design team all the way through the process. We continue to work with the team until final completion of construction. Our clients include many nationally known builders as well as local production and custom home builders.

### **Available Positions:**

We have immediate openings available in our survey crews. Survey crew members do construction & house staking with lath, hub, and rebar. They also work on collecting as-builts and topographic information. We use Topcon equipment (GPS & conventional). Experience is preferred, but we will train if needed.

### **Position Requirements:**

Field crews work outside in all weather conditions year-round. Labor is physical.

Typical hours are 7:00 - 5:00 Monday - Friday. Saturday work is frequent. Actual hours vary depending on workload, however, must be available to work overtime as workload increases.

Job Type: Full-time
